You, no doubt, remember how hot it was at the Sunday evening worship service at Westvue. The air-conditioning units were on the blink, but take comfort, they have been fixed.

Standing before you Sunday evening, watching you use those fans brought back memories of my childhood at Minor Hill. I can still see in my mind, sitting inside the Minor Hill church building, watching people use those fans donated by Bennett May Funeral Home. I remember sitting on those hard pews, watching men sleep during the sermon and finding it a bit humorous, particularly when the preacher would pound on the pulpit and shock the sleepers back to consciousness.

There is no doubt about it, things have changed down at church through the years. I remember, as a little boy, watching as men came forward to serve the Lord's Supper to the congregation. In those days, a white apron that was whiter than snow, covered the emblems. Those men, with the same respect that you should have for the American Flag, would take the apron, fold it and lay it aside. My question, what happened to the apron? I know not. The hard pews have been padded, for which I am grateful, Amen! Air conditioning has replaced the hand fans.

Change is inevitable even down at church. The one thing, however, we must not change is the Gospel. What is the Gospel? (I Cor. 15:1-4) The Gospel is the story of Jesus' death, burial and resurrection from the dead. Why must we continue to hold to and preach the Gospel? It is the means by which we are saved. Notice again, "...by which also you are saved, if you hold fast the Word which I preached to you." We must continue to hold to and preach the Gospel because God saves us when we obey the Gospel (Mark 16:15-16). Paul reminded us in Romans 6:2-4.
